How We Need Your Van Returned

Vans must be returned with the gas at the same level as in the vehicle inspection sheet sent with your pick up instructions.

Remove all trash and food and vacuum obvious dirt/sand/leaves and pet hair etc.

Empty blue water containers in the back of your van and make sure there is nothing left in the cooler.

Clean stove and dishes and ensure all camping equipment is left inside the van.

Do not leave any equipment visible inside the van. Hide items such as GPS and inverter somewhere like the glovebox.

Make sure you have all of your belongings before locking the van and dropping the key in the correct box.

We will check in the van when we are next on property and email you your closed receipt.
